In the past, the following programs have considered admitting graduates of international dental schools. Please note this information is subject to change. Contact the school directly for the most accurate information

The vast majority of states require either graduation from, or at least two years of study at, an accredited pre-doctoral dental education program to enable graduates of dental schools in other countries to satisfy the educational requirements for licensure. Some states will accept completion of an advanced education program. For further information see the Summary of State Educational Requirements for International at: http://www.ada.org/prof/prac/licensure/licensure_state_requirements_intl.pdf.
